- News Reports Release

Jordan Brand in Muskmelon status is high, at least Melo series has been extended, but recently due to the rise of CP11 and Fly Wade to join Anthony's position is finally threatened, regardless of the Fly Wade series of ultra high degree of concern, this year with Paul came to Losangeles, a small city star is finally caught the opportunity. Compared with the years into NBA James, Melo series is finally out by the eighth generation, but each pair seemed almost all, did not leave too much memory, except for playing excellent protection outside the no Lebron series show, M8 evaluation of this year is very good, I believe will be a good pair of shoes but Jordan Brand, the designers must work harder in the Melo series ah, or waste Anthony so a superstar to play in New York.

the new Melo M8 is still very festive Christmas color, just Air Max and teammate Stoudemire Sweep "Christmas" color complement each other, as the Nike's star endorsement two pairs of shoes which rarely rejects the "flying line" technology has become a large series of shoes Melo some nostalgia shoes fans love the Melo series are compared with the traditional style, the upper is high, protection is also very good, all kinds of Nike in recent years by the plastic shoe technology "is also used less, is the representative of the traditional school.
